

Inspiring Women Conferences

WLA Mission Statement:

Empowering Women to Live a Life of Intentional Design and Purpose

Have you ever heard it said, "God had a dream and He wrapped you in it." Perhaps you've heard Bill Johnson's definition of the prophetic.

He said, *"The prophetic in its purest form is designed to find the gold in people's lives and call it to the surface."*

Where Every Woman is a Gift
and Every Gift Counts

DARE.DREAM.DO

"No one gets to where they are without someone else helping, assisting, pushing, inspiring. We have an obligation to open doors for others"

— Marc Morial, President and CEO, National Urban League

Inspiring Women Mission Statement:

Inspiring Women Conferences provide a four-step road map to equip women for a life of intentional design and purpose:

- 1) **Unearth the Gift:** *Uncover God's design to recover hopes and dreams*
- 2) **Nurture the Gift:** *Gain the push, help, assist and inspiration of women committed to your success*
- 3) **Equip the Gift:** *Tools to unlock potential and step into God's purpose and power in your life*
- 4) **Release the Gift:** *Be strategic, secure opportunities to grow and implement vision*

Uncovering the Gold

The gold is that unique deposit of God entrusted to each woman to serve His purposes on earth. As believers we are heirs of the promise God gave by grace to Abraham. We are heirs, and yet, abundant life requires lifting our eyes to *see it* that we might *possess it*. We cannot secure what we cannot envision.

Before Abraham could secure the promise of God he had to *see it*; the hill country, the plains, the lowlands, and the coastline. God said, *"Lift your eyes now and look from the place where you are-- northward, southward, eastward, and westward."* (Gen. 13:14).

It took forty years for the children of Israel to secure God given identity and purpose instrumental to possessing the land. I wonder if they every truly saw it! Did they ever grow tired of doing the same old thing hoping for a different result?

Whether or not they tired of it all, they wearied God. Exasperated by their moaning and groaning He said, "You have dwelt here long enough." It was time to arise and possess what God promised to give the moment they took the initiative He was expecting.

This is true for us, and the goal of the **Inspiring Women Conference**. It's designed that women might gain the priceless perspective of God and others to uncover and see what they cannot see for themselves.

The Mining: A Reflective Process of Preparation

- 1) Helping women realize God-given *desire*—dreams they are designed to accomplish!
- 2) Uncovering a perspective essential to keeping regret from taking the place of our dreams!
- 3) Establishing visible and measurable goals to run with our gifts!
- 4) Providing peer mentorship, the support of a community committed to the purposes of God in and through each woman!
